

In an effort to keep our community and staff healthy and safe, the Garden County Courthouse will be locked and business will be conducted by appointment only until further notice.

You may contact offices to make appointments, as most offices will remain open with limited staff from 8:00 a.m. until 4:00 p.m., Monday through Friday. Please use the south doors to enter the building after making your appointment unless you have prior arrangements for staff to meet you at the west door.

The Clerk, Assessor, Treasurer and District/County Court will have staff every day. The Extension Office will be staffed Tuesday, Wednesday and Friday from 8:00 a.m. to 4:00 p.m. The Attorney's Office will be staffed on Monday, but will be available by appointment Tuesday through Friday. Although we are staffed on those days, we still ask that you make appointments in advance because we are working with limited employees.

The Sheriff's Office and Road Department will continue to be staffed with regular hours, but request that foot traffic be limited to essential functions only and by appointment.

The Transportation Office will be limited to Medical Transportation only, but will be making free deliveries for those that need supplies from local businesses.

We appreciate your patience in this, as we are all venturing into uncharted waters. Our main concern is the health and well being of our residents and employees. Because recommendations from the state and local level seem to change on a daily basis, please check the website or call in advance.
